**DETAILED ACTION**

***Allowable Subject Matter***

1. The following is a statement of reasons for the indication of allowance subject matter: the prior art of record does not teach or suggest the combination of a chip attached to the front surface of a chip carrier, wherein the chip is electrically connected to the substrate by a bonding finger having a first and second lines. The first line faces a selected edge of the chip carrier and the second line is perpendicular to the selected edge of the chip carrier. A plating conduction line formed on the front surface of the chip carrier, wherein one end of the plating conduction line is on the selected edge of the chip carrier while the other end is connected to the bonding finger by the second line.
